

An early (1964) edition (third printing) of the popular work by Jules Verne. I soon came to, lying on the back of a sort of submarine boat. The machine began to move and we had only enough time to seize hold of the upper part. The moon then disappeared and left us in total darkness for the balance of the night. Some moments after daybreak, eight strong men with masked faces noiselessly appeared and drew us down into their machine. So begins the first visit to Captain Nemo's fabulous submarine, the Nautilus--and the first of many adventures in Jules Verne's amazing forecast of things to come.
