

This collection of essays is designed to introduce students to the topic of global climate change from multidisciplinary perspectives. It begins with the premise that global warming is occurring and climate change poses a threat to our natural environment and the health of future generations. The contributors approach the topic with the belief that the more knowledgeable students are about the topic, the better equipped they will be for meeting the challenge of changing global climate.

Paleo Grill Cooking: Gluten Free Recipes for Paleo Grilling and Barbecue Dishes (Paleo Diet Solution Series), Rebel Read: The Prince of Speed, Frankfurt (Euro City Map) (Dutch, English, French and German Edition), Eyes Wide Open (Totally Five Star), A Midsummer Nights Dream (The Folger Library General Readers Shakespeare), High-Yield™ Behavioral Science (High-Yield Series) 3th (third) edition Text Only, Class, Logans Run Last Day #2 Cover B, Basic Conducting Techniques (5th Edition), Alpha Shifters Collection,
