

Hollywood surgeon Colt Travers needs a new receptionist ASAP. When the adorable and completely broke Selena Harris comes in needing stitches, he takes a risk and hires her on the spot. She can pay off her bill, and he won't have to answer the phone anymore. They're opposites in every way, and she's exactly what he doesn't want in a woman—impulsive, carefree, and amusing. He's trying to resist her, but the longer she's around, the further he sinks into temptation. Selena never meant to get herself in such deep financial straits. LA has way too much temptation, from high-end shopping to gorgeous men, and now her life is in chaos. But Colt is different—responsible and noble—and although their chemistry is off the charts, he's keeping her at arms length. She's determined to win his trust—and his heart—but will the secrets she's desperately trying to hide ruin their chance for a big Hollywood happy ending?
