

Remember me when I'm gone just took on a whole new meaning ... Laura Byrd is in trouble. Three weeks ago she and her friends found themselves alone in one of the coldest, most remote places on earth. Her friends set out in search of help, and now Laura realizes that they are not coming back. So she gathers her remaining supplies and sets out on an extraordinary journey. Meanwhile in another city, more and more people arrive every day. Each has a different story to tell, but their accounts have one thing in common - it was their final journey. For this is the city of the dead. And the link between this city and Laura's journey lies at the heart of this remarkable novel. The Brief History of the Dead tells a magical story about our lives - about our place in the world, our connections with each other, and what happens to us all after our deaths. It is a story of spellbinding power and imagination, which resonates long after the final page.

iCon Steve Jobs: The Greatest Second Act in the History of Business, Signed, Mata Hari, Fundamentalism (Polity Key Concepts in the Social Sciences series), Summary of Liars Poker: By Michael Lewis Includes Analysis, The Secret Adversary, A Modern Comedy,
