

Your reintroduction to the some of the most pristine and heroic creatures in existence. Where have the Unicorns gone? And, what about mystical winged horses, mermaids, and giants--do they exist? The answers to all of our questions about these fabled creatures can be found in The Gift of the Unicorns. This magical book tells the story of the Unicorns and Pegasus, and their heroism in preserving purity and innocence during the ages of darkness on Earth. In their own words, these beings reveal where they went, the purpose of their golden shoes and the sacred mission they undertook for the Mother of All Creation. Whats more, they share long-held secrets about the Earth. The People of Mer also reveal their history, along with their own secrets of magic, including instructions on how to create sacred objects like a crystal ball and a magic wand. The book goes on to describe life among Giants who have been in the newly accessed reality within the Inner Earth for 12,000 years. These highly intelligent beings share their magic in the form of sacred rituals for enhancing life on Earth. The reader is introduced to members of each of these magical groups by name, so that they can be called upon for assistance when needed. At once a treasury of sacred tales and a resource for practical magic, The Gift of the Unicorns is truly a gift to humanity.

Why Do Tigers Have Stripes? (Starting Point Science), Winter Solstice, Isfahan, Burlington Route Across the Heartland: Everywhere West from Chicago (The Golden Years of Railroading), When I Feel Good about Myself (Way I Feel), Haven Creek (A Cavanaugh Island Novel),
